Welcome!

To learn more about the benefits Murray City School District offers, please review the following 2023-2024 benefit materials. If you have any questions about your benefits, we are here to help!

Business Department

Please contact the Business Department for any benefits related questions, including benefit coverage, contributions, enrollment, benefit change forms, notification for changes in status, provider directories, and general carrier information.

Social Security Numbers

Federal law requires you to provide a valid Social Security number for each person to be covered by any medical plan sponsored by your employer (yourself, your spouse, and all dependent children).

Medicare Part D

If you have Medicare or will become eligible for Medicare in the next 12 months, federal law gives you more choices about your prescription drug coverage. See the Business Department for more information.

HIPAA Privacy Notice

The Health Insurance Portability and Accountability Act (HIPAA) requires employers to adhere to strict privacy guidelines and establishes employees' rights with regard to their personal health information. If you have any questions regarding HIPAA, please speak with your Moreton & Company representative or contact the Business Department.

IRS Regulations

Failure to meet IRS deadlines will affect your insurance coverage! IRS regulations govern how and when an employee may make cafeteria plan elections and changes to those elections. These rules require that employers enforce firm deadlines with respect to employee benefit enrollment and related cafeteria plan elections. This means that we cannot accept forms after open enrollment ends. Furthermore, if you experience a qualifying event allowing you to add, drop, or modify your coverage and related cafeteria plan election mid-year, we must be timely notified of such event. The required enrollment generally must be completed within 30 days of such event, or you cannot make the change. In addition, please be aware that with the exception of the birth, adoption, or placement for adoption of a child, any cafeteria plan election changes can only be implemented prospectively, meaning on the first paycheck or period of coverage following our receipt of the form. Therefore, if you are making a change based on a qualifying event other than a new child, and you want changes implemented as of the date of the event, you must inform us of the change in advance. **If you do not enroll on time, you will not receive coverage or be able to change your elections mid-year unless you have an IRS qualifying event.**

Note: This publication is only a partial summary of benefits and is provided for informational purposes only. It does not describe all elements of the summarized programs. For complete information regarding the benefits, plan provisions, limitations and exclusions, and for a description of claims procedures, refer to the formal benefit documents that will be provided to you after enrollment. In the event of a discrepancy or conflict between the information contained in this publication and the official benefit plan provisions, the official plan documents and insurance contracts will govern. Copies of these documents are available for your review from the Business Department. No rights shall accrue to you and/or your dependents because of any statement, error, or omission in this publication.

Enrollment Guidelines: 2023-2024

Why is open enrollment so important?

Benefits open enrollment for Murray City School District is held each year. Employees should understand that the pre-tax payment for applicable benefits is done through the Cafeteria plan and, as noted above, under IRS regulations elections cannot be revoked or changed during the plan year. **Once the enrollment period has ended, employees may not make or change benefit elections unless they experience a qualifying event.** Employees must notify the Business Department of any change of status as soon as possible, but generally within **30 days** after the event.

Who is eligible to participate in the benefit plans?

- All active Contract Employees of the Employer working a minimum of 20 hours per week and all Administrators and active Hourly Employees working a minimum of 30 hours per week;
- Employees' legally married spouse and/or dependent(s), (dependents are generally children who are less than 26 years of age); see your Benefits Summary's definition of legally married spouse and/or dependent(s);

When do benefits begin?

- Employees will receive benefits on the first day of the month following date of hire (provided forms are properly submitted);
- Employees hired after the plan year begins will select their coverage choices for the remainder of that plan year at the time of eligibility. All the necessary enrollment and change forms are available through the Business Department.

Is it possible to make changes during the year?

After the enrollment deadline, your election is generally irrevocable, meaning you cannot add, modify, or drop coverage for the plan year. You may have a special enrollment right allowing coverage changes for certain losses of coverage eligibility under another plan, or if you gain a new spouse or dependent. You also may be entitled, or required, to change your election if you, your spouse, or dependents experience one of the qualifying change events listed in the next section. However, you must contact the Business Department to determine if your plan and circumstances allow such a change. If so, you must complete and return a change form to the Business Department generally within 30 days.

Qualifying Changes: (30 Days Unless Otherwise Stated Below)

- Marriage, divorce, or legal separation;
- Change in number of dependents (e.g., Birth or adoption of a child or another change in the number of dependents);
- Change in employment status of employee, spouse, or dependent that causes loss of eligibility;
- Dependent ceases to satisfy eligibility requirements;
- Change in residence that causes loss of eligibility;
- Significant changes in company benefit plan(s), including cost change, significant coverage curtailment, additional or significant improvement of company offered benefits;
- Change in coverage under another employer plan (including mandatory or optional change initiated by your spouse's employer or a change initiated by your spouse);
- Loss of coverage from government plans/programs or educational institution;
- COBRA qualifying event (termination/reduction of hours, employee death, divorce/legal separation, ceasing to be a dependent);
- Other changes resulting from a judgment, decree, or order;
- Medicare or Medicaid entitlement;
- FMLA leave of absence;
- Loss or gain of CHIP or Medicaid subsidy eligibility (60 Days)

Glossary of Terms

Co-pay: Typically refers to a fixed dollar amount a member must pay for a particular service (such as a physician visit or ER visit).

Deductible: Amount that must be paid by the member before an insurance carrier will pay a claim; benefits offered after deductible are indicated with AD.

Coinsurance: Typically refers to a member's share of covered costs after any deductible has been satisfied.

Out of Pocket Maximum (OOPM): The maximum amount members pay for covered network essential health benefit expenses during the benefit year, including co-pays, coinsurance, and deductibles.

PPO (Preferred Provider Organization): This type of plan utilizes both network and non-network benefits.

Network (In-Network): Providers who have agreed to accept contracted rates from an insurance carrier.

Non-Network (Out of Network): Any non-contracted providers. The services from these providers are subject to balance billing, meaning members can be billed for the difference between the insurance carrier's fee schedule and the billed charges.

Health Maintenance Organization (HMO): This plan covers in-network providers and services only; it does not cover any out of network services.

Medical Plans: 2023-2024

Murray City School District offers the following medical plans through Select Health:

Your Visit

Most appointments last about ten minutes, depending on a patient's symptoms and diagnosis. Your clinician will review your history, answer questions, diagnose, treat, and even prescribe medication.

Cost

If you elect the Select Health Value plan, these visits will be covered at 100%. If you elect the Select Health Med+ HealthSave, these visits will only be covered at 100% after you have met your deductible.

Imaging & Ambulatory Surgical Centers: 2023-2024

Select Health Imaging & Ambulatory Surgical Centers

Select Health National Network Partnership

Select Health PPO networks has a national network partnership with nearly 5,800 ambulatory Surgical Centers (ASCs) along with more than 91,000 imaging centers. By increasing access to imaging and surgical centers, Select Health helps lower costs for clients and members.

New Ambulatory Surgical Centers (ASCs)

Select Health has added five surgical centers to their commercial networks and plan to add even more by 2024. Located from Logan to St. George, these centers are Intermountain Healthcare ventures that provide less expensive outpatient services for clients and members. Nearly 60% of all outpatient hospital procedures can be moved to ASCs. ASCs achieve savings of up to 58% when compared to hospital care.

Tellica Imaging

In Utah, three Wasatch Front imaging centers were added to the Select Health commercial networks. Under the Tellica Imaging brand, these centers, located in Ogden, West Valley City, and Orem, provide global pricing for MRIs (\$550 bundled price) and CT scans (\$350 bundled price). These prices are 2½ times less expensive than national averages for images. For more information please call **801-442-600**, Monday through Saturday 7AM-7PM.

Health Savings Account (HSA): 2023-2024

What is a Health Savings Account (HSA)?

A Health Savings Account (HSA) is a tax advantaged account that can be used to pay eligible medical expenses not covered by an insurance plan including deductibles and coinsurance. You can fund your HSA with pre-tax dollars. In addition, if you are an Administration Employee or Classified Employee, Murray City School District makes a contribution to your HSA as shown below.

Who is eligible for a Health Savings Account?

Anyone who satisfies all of the following:

- Covered by a Qualified High Deductible Health Plan (QHDHP);
- Not covered under another health plan;
- Not enrolled in Medicare A or Medicare B benefits; and,
- Not eligible to be claimed on another person's tax return.

What is a deductible?

It is a set dollar amount, determined by your plan, that you must pay out of pocket or from your HSA account before insurance coverage for medical expenses can begin.

What is the difference between an HSA and Flexible Spending Account (FSA)?

- An HSA can rollover unused funds from year to year indefinitely.
- FSA contribution limits are lower than for HSAs. In addition, not all FSAs have a rollover feature, and those that do can only rollover a limited amount.

When do I use my HSA?

After visiting a physician, facility, or pharmacy, request that they submit your claim to your Medical Carrier for payment. You should make sure that your provider has your most up-to-date insurance information. Once the claim has been processed, any out of pocket expenses will be billed. At this time you may choose the following options:

- Use your HSA debit card or HSA check to pay for any out of pocket expenses.
- Write a personal check, receiving reimbursement at a later date.
- Save your HSA dollars for future medical expenses.

You should always ask that your claim be submitted to the health plan before you seek reimbursement from your HSA. This procedure will ensure that provider discounts are applied. **Also, remember to keep all medical receipts and Explanation of Benefits (EOBs) to support your personal tax record. You should keep these records for at least four years.**

How does a Health Savings Account Work?

How is an HSA used to pay for medical care?

1. Employee and/or employer funds an HSA account.
2. Employee seeks medical services.
3. A bill for medical services is submitted as a claim to your insurance carrier and paid in part according to your HDHP, subject to a deductible and coinsurance.*
4. Employee can pay the remaining amount with a debit card or check from their HSA account.
5. This process is repeated until the out of pocket maximum is reached, after which the employee generally should be covered for almost all network eligible expenses.

* Subject to plan design, check your Benefits Summary. Preventive care may be covered at 100%.

How much can be contributed to an HSA?

As mandated by federal law, the Annual Contribution limits are:

Type of Coverage	Maximum Annual Contribution	
	2023	2024
Individual	\$3,850	\$4,150
Two Party	\$7,750	\$8,300
Family	\$7,750	\$8,300

Individuals age 55 or older may be eligible to make a catch up contribution of \$1,000 in 2023-2024.

Does my employer contribute to my HSA?

Murray City School District has elected to contribute the following amounts. These amounts apply towards your Annual Maximum Contribution:

Type of Coverage	Employer Monthly Contribution	
	Administration Employees	Educational Support Professionals
Individual	\$88.90	\$48.30
Two Party	\$200.00	\$108.80
Family	\$283.20	\$153.90

Can I contribute to both an HSA and FSA in the same year?

You **may not** contribute to or use a general purpose health FSA and an HSA. However, contributions to a Limited Purpose FSA, which only allows reimbursement of certain expenses that are not eligible for payment under the High Deductible Health Plan (HDHP), are permissible. The Limited Purpose FSA allows HSA-covered employees to pay for dental and vision expenses that are not covered by insurance. However, it **does not** allow you to pay for other medical expenses, until you have reached your HDHP medical deductible. Your employer **HAS** established a limited FSA to allow employees to contribute pre-tax dollars to an account.

What if I am a new hire or have a special enrollment and enroll in an HSA in the middle of a year?

If you enroll in an HSA and corresponding HDHP at any time other than the start of the calendar year, so long as you enroll by December 1, you may still contribute the maximum amount allowed for the calendar year (see the chart on the previous page). However, the IRS requires you to participate in the HDHP during a subsequent testing period (generally through the end of the following year). Failure to do so will result in adverse tax consequences.

Why should I elect an HSA?

- Cost Savings
- Tax Benefits:
 - HSA contributions are excluded from federal income tax.
 - Interest earnings may be tax free.
 - Withdrawals for eligible expenses are exempt from federal income tax.
- You generally pay a lower plan premium for a HDHP than a traditional indemnity plan.
- Unused money is held in interest-bearing savings or investment accounts from year to year.

Note: Many states have passed legislation to provide favorable state tax treatment for HSAs. However, in a small number of states, amounts contributed to HSAs and interest earned on HSA accounts could be included in the employee's compensation for state income tax purposes.

Long-Term Financial Benefits

- Save for future medical expenses, including retiree medical
- Funds roll over year to year
- This is your account - you take it with you. If you leave your employer you can do the following:
 - Leave your funds in your current HSA account;
 - Transfer your funds to an HSA with your new employer; or
 - Transfer your funds to another qualifying account within 60 days.

Choice

- You control and manage your health care expenses.
- You choose when to use your HSA dollars to pay your health care expenses.
- You choose when to save your HSA dollars and pay health care expenses out of pocket.
- You can choose to increase or decrease your election during the year.

Can I use my HSA dollars for non-eligible expenses?

Money withdrawn from an HSA account to reimburse non-eligible expenses is taxable income to the account holder and is subject to a tax penalty. If the account holder is over age 65 OR disabled, the distribution amount (if for a non-eligible expense) is still considered taxable income; however, the tax penalty IS waived.

When can I start using my HSA dollars?

You can use your HSA dollars for any qualifying expense incurred after your HSA account activation and once contributions have been made.

Can my HSA dollars be used for retirement health care costs?

Yes, for expenses eligible for reimbursement, and Medicare and other health coverage premiums after age 65.

Can I use the money in my account to pay for my dependents' medical expenses?

Yes, you can use the money in the account to pay for medical expenses of yourself, your spouse, or your dependent children. You can pay for expenses of your spouse and dependent children even if they are not covered by your HDHP.

Reimbursement Accounts: 2023-2024

AxisPlus Benefits September 1, 2023 through August 31, 2024

Reimbursement accounts enable you to pay certain qualified expenses using tax-free dollars. Depending on your personal tax rate, this can save you 10-30% or more on medical, dental, vision, and/or dependent care out of pocket costs.

The following accounts may be available to you:

Flexible Spending Account (FSA)

This account allows you to set aside up to \$3,050 in pretax dollars to pay most out of pocket medical, dental, or vision care expenses, including: medical and dental deductibles and co-payments, eye glasses, dental, and orthodontic work not covered by insurance.

Limited Purpose FSA

This account allows HSA-covered employees to pay for dental and vision expenses not covered by insurance. This plan **does not** allow you to pay for other medical expenses until you have reached your High Deductible Health Plan (HDHP) medical deductible. Only after your medical deductible has been met can you submit any medical-plan related expenses. **Before the HDHP deductible is met, you can use HSA dollars for your medical expenses.**

Dependent Care Assistance Plan (DCAP)

This account lets you set aside up to \$5,000 in pre-tax dollars to pay for eligible dependent care expenses so you (and, if married, your spouse) can work.

The Advantages

There are some significant advantages to using the above reimbursement type accounts. Income directed to a reimbursement account is tax free. When you pay less in taxes, you receive more spendable income. These accounts can save you 10-30% or more, depending on your personal tax rate. Convenient payroll deductions help assure that you will have money available for out of pocket health and/or dependent care expenses.

How It Works

During annual enrollment, you decide how much you want to deposit into your reimbursement account(s). That amount is deducted evenly during the plan year from your paycheck before taxes are taken out. When you have an expense that qualifies, you pay the bill, submit a claim, and you are reimbursed with tax-free dollars from your account.

Eligibility

You will be eligible to participate in the account(s) on the first of the month following your date of hire. The following are additional guidelines for determining eligible expenses:

- Expenses are for services received during the plan year (Sept. 1 to Aug. 31).
- Expenses are not covered by any health care plan in which you are enrolled.
- The IRS would otherwise let you deduct the expenses from your income taxes.

The Dependent Care Assistance Plan

With the Dependent Care account you can set aside tax-free income to pay for qualified dependent care expenses, such as day care, that you normally pay with after-tax dollars. You must meet the following criteria in order to set up this account:

- The DCAP expense is incurred to allow both you and your spouse work;
- You are a single head of household; or
- Your spouse is disabled or a full-time student

Qualified dependents include children under 13 and/or dependents who are physically or mentally handicapped and the expense must be incurred to allow you to work. If your spouse is unemployed or doing volunteer work you cannot set up a reimbursement account. Each calendar year the IRS allows you to contribute the following amounts, depending on your family status:

- If you are single, the lesser of your earned income or \$5,000
- If you are married, you can contribute the lowest of:
 - Your (or your spouse's) earned income
 - \$5,000 if filing jointly, or \$2,500 if filing separately

Rollover Option (FSA/LPFSA)

If you don't use all the pre-tax dollars you deposited in your FSA account during the plan year, you may roll-over up to \$610 into the next plan year. (The roll-over amount does not count toward the \$3,050 yearly maximum FSA contribution limit.) Any remaining unused balance at the end of the plan year will be forfeited. You have until 11/30/2024 after the plan year ends to submit claims for expenses incurred during that plan year (Sept. 1 to Aug 31).

Once Enrolled, You May Not Change

Once you have designated how much you want to contribute on an annual basis to one or both of your reimbursement accounts, you cannot stop or change your contributions unless you have a Qualifying Change Event as defined and limited by the IRS. See Qualifying Change rules earlier in this guide.

Reimbursements

To claim reimbursements, fill out a claim form and attach any supporting information. For healthcare, this will include receipts showing the amount you paid and the date(s) on which you or a dependent received services. For dependent care, this may include any contracts, letters, or receipts. You may send this information to AxisPlus Benefits via email, fax, or standard mail. Participants can also submit an online reimbursement claim using their portal.myaxisplus.com account, or send in reimbursement forms and documentation to upload.myaxisplus.com.

Employee Assistance Plan: 2023-2024

Intermountain Healthcare - 100% Company Paid

What is an Employee Assistance Program (EAP)?

An Employee Assistance Program provides short-term, confidential counseling for you and your spouse or significant other, and dependent children (Ages 6 to 26), regardless of whether you and/or they are covered under your health insurance plan at no out-of-pocket expense to you.

Is it Confidential?

Yes, all discussions between you and the EAP counselor are confidential. Personal information is never shared with anyone (including Murray City School District) at any time without your direct knowledge and approval. Exceptions are made only in cases governed by law to protect individuals threatened by violence.

Employee Assistance Program counselors are experienced, caring professionals who hold a master's degree in counseling or a related field. They are certified or licensed by the appropriate state agency.

Counselors use a solution-focused therapy model and teach you how to resolve your unique problem while providing caring support along the way.

The entire cost of EAP services is covered in a monthly fee paid by Murray City School District. All EAP services are free to you with no co-pay or deductible required.

Short-term counseling sessions are available for each household member either virtually, by phone, or in-person. Should you elect to receive mental health services through your medical benefit, Intermountain Healthcare will not absorb the cost.

How do I make an Appointment?

Setting up an appointment is as simple as calling the office. You will be offered an appointment time, generally within 5 working days of your initial call. **Crisis calls will be answered over the phone the same day, unless there is an open appointment then they can be seen face to face.** No prior approval is needed and there is no charge. Counselors are available around the clock for emergency and crisis situations.

Seeking help early minimizes the chances of problems escalating and requiring more extensive services. Often, a few visits with a counselor are all you need to gain perspective and regain a sense of control over your life.
